

2CT

2" x 2" Self Priming Trash Pump

The 2CT 2" x 2" Self-Priming Centrifugal Trash Pump is a robust, high-performance solution designed for tough commercial, industrial, and OEM applications. Constructed with a heavy-duty cast iron casing and a 304 stainless steel drive sleeve for superior corrosion resistance, this pump delivers reliable, long-term operation even in harsh conditions.

Engineered for easy servicing, the 2CT incorporates a back pull-out design for simplified maintenance and a front cleanout feature for quick debris removal. With the ability to handle solids up to 1.5" (38.1 mm), it ensures efficient performance in demanding environments. The pump accommodates multiple drive configurations, including close-coupled, pedestal, and hydraulic motor pedestal setups.

Ideal for use in manufacturing facilities, construction projects, and other industrial operations, the 2CT Self-Priming Trash Pump provides consistent flow rates and dependable performance you can count on.

SPECIFICATIONS:

Suction / Discharge	2" x 2" NPT
Materials of Construction	Cast iron
Flow	Up to 225 GPM (51.1 m ³ /h)
Head Feet	Up to 125' (38 m)
Impeller	5.82" (147.83 mm) ductile iron
Drive Options	Close coupled 145TC Close coupled 184C Pedestal PumPAK® (without motor)
Seal	Standard - carbon / ceramic / Viton mechanical seal
Max Solid Size	1.5" (38.1 mm)
Drive Sleeve	304 Stainless Steel
Features	<ul style="list-style-type: none"> • Back pull out design • Removeable trash cleanout • Will pass up to 1.5" (38.1 mm) solids

Application:

- Commercial
- Industrial
- OEM
