

PRISMA[®] HEALTH[®]

URGENT CARE

Fast, reliable results
– when you need
them most

PCR panel testing
now available

Get the answers you need – faster than ever. Our state-of-the-art Physician-Operated Lab (POL) provides fast, reliable results, delivering reference lab outcomes in about 24 hours.

With a single swab, we can test for multiple viruses, including:

- Flu (A & B)
- COVID-19
- RSV
- Rhinovirus
- Strep Throat
- And more

Why choose PCR panel testing?

Faster, more accurate diagnosis
Identify multiple viruses with one swab.

Physician-operated lab (POL)
Same or next-day test results.

Immediate treatment options
Get care quickly and feel better, faster.

Convenient & comprehensive
One visit, one test, the right answers.

Get results faster, feel better sooner
