

# Standard - 10% Additional Incentive Made in Illinois

Customers who install Illinois-manufactured products in their facilities can qualify for a **10% additional incentive on each eligible standard measure installed.**

## How To Participate

- Equipment must be at least 50% manufactured and/or assembled in Illinois (exclusive of packaging and installation); product installation is not considered “assembly”
- An affidavit from the manufacturer of each product is required. It must attest that the equipment meets the criteria (affidavits are available from participating manufacturers). The Building Clean database is a free resource to locate products manufactured in Illinois that may qualify for incentives. Visit **BuildingClean.org** to find companies to contact for an affidavit
- The Made in Illinois additional incentive can combine with other additional project incentives

## How To Apply

- Save time, apply online at **ComEd.com/StandardOnlineApp** or download and complete the application and worksheet from **ComEd.com/Streetlights**
- Obtain manufacturer affidavits for each eligible product
- Email your pre-approval application documents and affidavit(s) to **BusinessEE@ComEd.com**
- After you receive a project reservation, install your equipment and complete your project
- Submit your final application
- The additional incentive will be sent to you after your project is reviewed and approved
