- Licensed, bonded, and insured

THE WINDOW NATION COMMITMENT

Window Nation windows are manufactured by MILGARD Windows and Doors, one of the nation's largest suppliers of high-quality windows for remodeling and replacement projects. For residential applications, MILGARD provides a lifetime transferable warranty for the mainframe of windows in its replacement window series. MILGARD also offers a glass breakage warranty for products in its replacement series of windows and doors. Please refer to the complete product warranty for full details.

AT WINDOW NATION, WE KNOW REPLACEMENT WINDOWS

We're third-generation window replacement experts who have been lucky to provide homeowners replacement windows and doors for over fifteen years. We opened our first showroom in Maryland in 2006, quickly growing to serve homeowners in cities across the country – and we're not stopping there. We're grateful for every homeowner who has trusted us to upgrade their most important asset: their home.

We've learned a lot about home improvement over the years, but the most important thing we learned isn't about window replacement. We learned the home improvement industry isn't about offering the best windows and doors; it's about the relationships we build with our customers. Your home is your most important asset, and we don't take the opportunity to work with you lightly. There's nothing more important to us than providing high-quality windows, and doors to help you turn your house into your dream home.

Our team at Window Nation will go the extra mile to ensure your project goes smoothly. We pride ourselves on our attention to detail, and you can feel comfortable knowing you're working with one of the most experienced, detail-oriented teams in the industry. Our team undergoes hours of ongoing training and education on the latest technology, products, and techniques to ensure our company exceeds your expectations.

Our goal at Window Nation is to help our customers find the perfect windows and doors for their home. We want our customers to feel good about their decision to work with our company, and our team will go above and beyond to ensure you have the best possible experience. Our exterior design consultants are specially trained in the best practices in window replacement, helping you find the perfect fit for your home and wallet. We offer a variety of window styles, custom-made to fit your home's unique needs. When you choose replacement windows from Window Nation, you'll enjoy a curb appeal boost while keeping your home comfortable no matter the season.

There are many home improvement companies eager for your business, and we're honored you're considering Window Nation for your project. We don't take your decision to work with our team lightly, and we look forward to helping you find the perfect windows and doors for your home.

IMPERIAL LS

- 1 Fusion-welded, uPVC frame and sashes provide long-lasting strength and durability. This material will never rot like wood windows or corrode like metal windows and requires little to no maintenance
- 2 Balance cover provides a clean, finished appearance
- 3 Vent latches, when deployed, will limit sash travel while still allowing ventilation
- 4 Endura-Force™ balance system ensures smooth, easy, and maintenance-free operation on double-hungs*
- 5 Integral lift rails feature beautiful, ergonomic design
- 6 Stainless steel spacer offers enhanced thermal efficiency
- 7 Tight mortise-cut, double-wall sill dam extends inside the jamb for better protection against air and water infiltration
- 8 K-Beam thermal reinforcement with Kevlar in the sash keeper rail improves strength, energy efficiency, and durability
- 9 Recessed locking hardware provides a sleek, low-profile appearance for enhanced beauty while still offering intruder-resistant security
- 10 Triple-fin UltraSmart weatherstripping with antimicrobial protection limits drafts and helps keep your home healthier

AAMA Gold Label Certification	
Air:	0.02 cfm at 25 mph — 15 times better than industry minimum of 0.30 cfm
Structural:	DP 65 at 195 mph

IMPERIAL LS DURA-SILL DESIGN

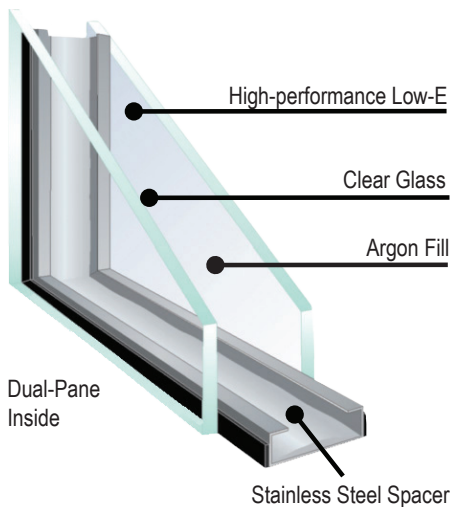

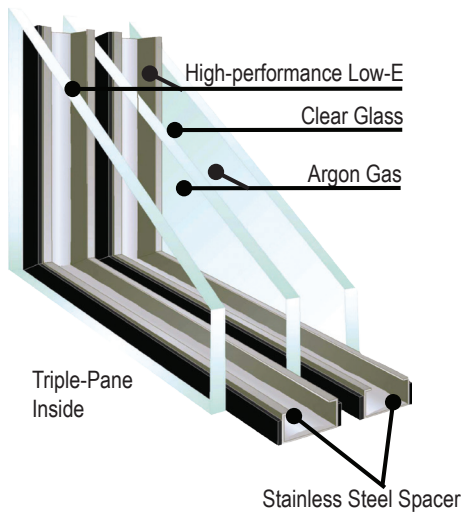

1. ComfortFoam: R-5 expanding polyurethane foam insulates sash and frame extrusions, improving overall thermal efficiency.
2. Ultra-Smart triple-fin weatherstripping: Located on all sashes and at the interlocking meeting rail, Ultra-Smart features Ultrafab® Tri-Fin® Gold Series gaskets with built-in Ultra-Fresh antimicrobial protection to minimize drafts, dust, and pollen.
3. Structural interlock in bottom sash: Our interlocking sill-sash rail keeps the sash in place against the sill dam weatherstripping when the window is under extreme wind-load stress.
4. Straddle gasket: Our compression gasket system straddles the sill rail when the sash is locked shut to add barriers and diversions for exceptional water resistance.
5. Double-walled sill dam: Tight, mortise-cut, double-wall sill dam extends inside the window mainframe for uniform strength and seal. The sloped sill features a hidden weep system in the screen track.

IMPERIAL LS

HIGH-PERFORMANCE GLASS

Imperial LS windows come with double-pane or triple-pane glass. Choose which option best fits your needs and provides the best possible thermal performance for your home. Both options feature our stainless steel spacer, which is warmer than tin or aluminum and minimizes condensation. The unique design allows expansion and contraction to improve seal life. The technologically advanced Triple Extreme glass system features two high-performance Low-E coatings and argon gas — a combination that will provide excellent thermal performance for your home and save you money on energy costs!

ENERGY STAR® Certified in Highlighted Regions

energystar.gov/windows ■ Certified

WINDOW NATION

**VINYL DOUBLE HUNG
IMPERIAL LS**
Triple Glazing, Argon Fill, Solar Low-E

ENERGY PERFORMANCE RATINGS	
U-Factor (U.S./I-P)	Solar Heat Gain Coefficient
0.19	0.18
ADDITIONAL PERFORMANCE RATINGS	
Visible Transmittance	Condensation Resistance
0.34	70

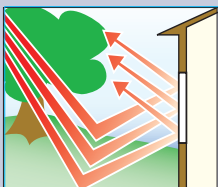

Manufacturer stipulates that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not recommend any product and does not warrant the suitability of any product for any specific use. Consult manufacturer's literature for other product performance information. www.nfrc.org

The values on the right are for a triple-pane, double-hung window with two Low-E coatings, featuring single-strength glass, stainless steel spacer, and argon gas without grids.

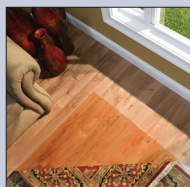

NFRC ratings may vary, depending on the window operating style, glass option, and size.

* Triple-pane glass not available in tempered or decorative glass.

TRIPLE-PANE KEY BENEFITS

Superior energy-efficiency ratings that far exceed the ENERGY STAR® requirements and reduce the likelihood of condensation.

Superb UV protection against fading of furnishings and wood floors and significant reduction in exterior sound.

Three panes of glass, super-strong frames, and exceptional locking hardware for enhanced security and protection against intrusion.

LIMITLESS OPTIONS

OPTIONAL SCREENS

FlexScreen cutting-edge screens feature a simple, revolutionary design that utilizes a PVC-coated, high-performance spring steel frame. FlexScreens are damage resistant and beautifully invisible because they hide in the window or door screen pocket, drastically improving sight lines and eliminating the need for color matching. These flexible screens also offer effortless installation, allowing you to simply hold the screen in your hands, bend the sides in, and fit FlexScreen into the screen track. These screens come standard on painted units.

DECORATIVE GRIDS

We offer grids in all interior and exterior colors to color match your home. Choose from countless configurations. Ask your dealer about grid types and availability.

Flat grids

Contour grids

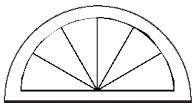

Flat and contour grids are between the airspace and are entirely dust-free. Available in wide or thin width in most patterns and colors. Some grid styles are only available with flat grids.

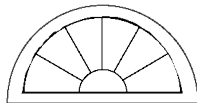

Simulated divided lite (SDL) grids provide the look of separate panes of glass set into the grid. Ideal for historic homes. Not available on triple-pane glass

Starburst

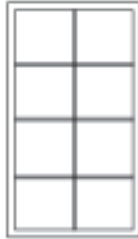

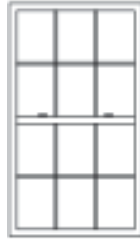

Sunburst

Grids are available in all colors and wood grains. This is just a sampling, several grid patterns are available. Grid pattern availability and appearance is based on window size and shape.

Colonial

Prairie

COLOR CHOICES

Interior/Exterior Vinyl Colors

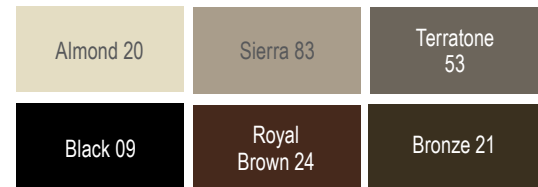

Printed images of colors may vary, please ask your window professional to see actual samples.

Interior Wood Grain Colors

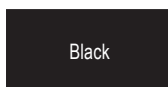

Sure-Coat Exterior PVC Bond Colors

Sure-Coat color is warranted for 10 years. Additional custom colors are available to match any exterior.

Interior/Exterior Delta-E Foil Laminate

*Black laminate is only available as a combination interior/exterior. Not available on bays and bows.

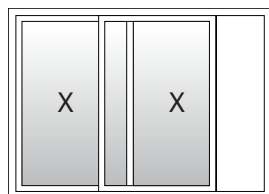

SLIDER

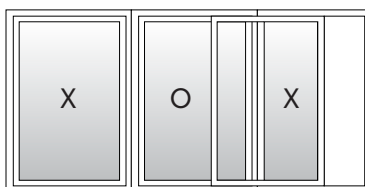

All of the same beautiful, energy-efficient features that make our double-hung windows a superior choice also apply to our sliding windows. Sliders operate similarly to double-hung windows, except they open horizontally rather than vertically. This style is popular with homeowners who enjoy an expanded, more wide-open, and unobstructed view of the outdoors.

Durable, tandem brass rollers ensure our sliding windows operate smoothly and easily for decades. These windows also incorporate heavy-duty locking hardware that will keep your family — and your home — safer and more secure.

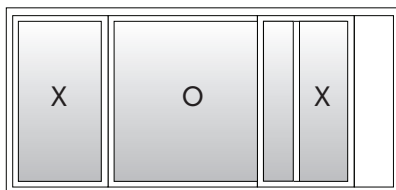

You can choose from two- or three-lite configurations — both styles make cleaning the interior and exterior glass safe and easy.

2-lite Slider

3-lite Slider (fixed center lite)
1/3-1/3-1/3 configuration (optional)

3-lite Slider (fixed center lite)
1/4-1/2-1/4 configuration (standard)

“O” designates fixed lites.
“X” designates operating lites. All views interior. Choose your preference of right-hand or left-hand operating lites.

Durable Brass Rollers

Durable, tandem brass rollers ensure easy operation of our slider windows.

Secure Locking Hardware

Secure locking hardware provides superior safety and security.

CASEMENT/AWNING

Window Nation casement and awning windows define a special look and feel for your home. These windows allow you to catch fresh breezes or open them for easy cleaning with the simple turn of a handle. Whether in multiple-window configurations or as individual windows, casements and awnings offer you many aesthetic choices so you can design them to match your home perfectly.

Easy-to-use, durable crank handles and hardware assure easy operation, while the low-profile design of our handles also provides a beautiful, unobtrusive look for the interior and exterior of your home. Casements and awnings are also exceptionally secure, featuring a single-lever lock that activates multiple locking points.

Casements open out to the side, while awning windows are top-hinged and open out at the bottom.

Fold-Down Handle

Robust strength in a low-profile, standard fold-down handle design. Easy to open and close handle and hardware last a lifetime.

Lock Activator

Multi-point lock activator engages or disengages multiple sash locks with one easy single lever design.

BAY AND BOW

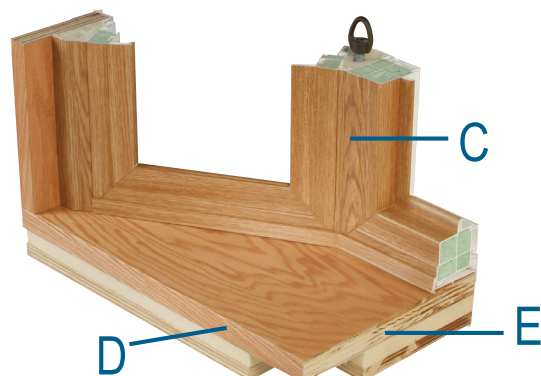

ENHANCE ANY ROOM WITH THE 3-D EFFECT OF A BAY OR BOW WINDOW

- Your choice of 3- to 5-lite configurations
- Your choice of 10°, 15°, 30°, or 45° projections
- Available with operating end casements, double-hungs, or picture windows
- Optional contour and flat grids are contained within the insulated glass

STANDARD BAY/BOW WINDOW CONSTRUCTION FEATURES:

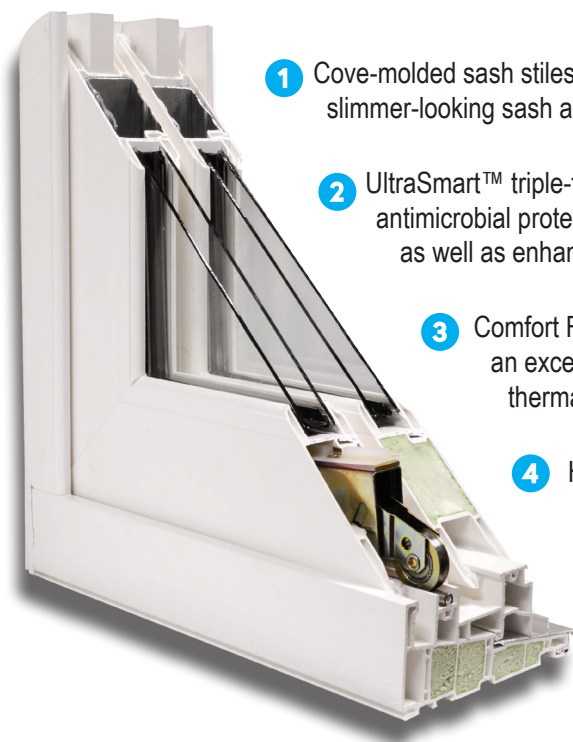

- A. Exclusive welded sill pan (highlighted in blue) eliminates water penetration
- B. All window and mull cavities are insulated completely with Comfort Foam™ for maximum energy efficiency

- C. Threaded rod with chain and turnbuckle bracing system provides sag-free support
- D. Factory-finished interior edge banding is beautiful protection for your Super Seat
- E. 1.25" thick furniture-grade hardwood veneer plywood

KINGSROYAL

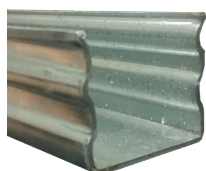

Window Nation's stylish, durable and energy-efficient sliding patio doors are built tough to operate smoothly and reliably for decades — while still giving your home an elegant, beautiful appearance. What makes these doors truly exceptional is that they balance practicality with the luxury and style you desire.

- 1 Cove-molded sash stiles and rails are 3-1/2" wide, which provides for a slimmer-looking sash and allows for more viewing area through the glass.
- 2 UltraSmart™ triple-fin weatherstripping with UltraFresh antimicrobial protection minimizes drafts, dust and pollen, as well as enhances energy efficiency.
- 3 Comfort Foam in the frame, rails and stiles is an excellent insulator that improves the door's thermal effectiveness.
- 4 Handles available in three durable painted color finishes, each handle set is keyed on the exterior and activates a heavy-duty stainless steel, two-point locking mechanism.

.06
Air Infiltration

Double-pane glass with Low-E glass, argon fill, and stainless steel spacer

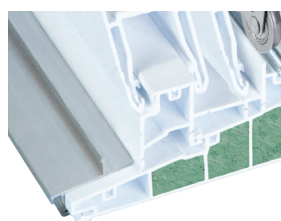

Metal reinforcement in all vertical sash stiles makes Kingsroyal doors exceptionally strong and durable.

Corrosive-resistant, heavy-duty, ball-bearing 1-1/4" dual wheel keeps your door reliably on track.

Two-point mortise locking system securely locks the door into the jamb.

An aluminum-capped threshold provides durability and longevity.

Heavy-Duty standard ToeBolt™ or ThumBolt™, prevent the door from opening more than 3-inches while still allowing for some ventilation.

MINI BLINDS BETWEEN THE GLASS

Never clean mini blinds again. No more fussing with shades and blinds. No more hardware screwed into your beautiful wood trim. Internal, hermetically-sealed mini-blinds are the perfect answer for the discerning homeowner. Now you can enjoy all the beauty of your finely crafted door and trim. Mini blinds tilt and lift and are not available with grids.

*5', 6', 9', and select custom sizes available with mini blinds.

KINGSROYAL

ALLURE HANDLES

Our beautiful Allure handles come in three durable, painted color finishes* designed to accent any decor. Each handle set is keyed on the exterior and activates a 2-point, stainless steel, mortise lock that securely locks the door into the jamb.

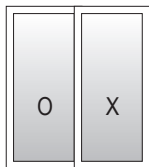

Soft-White

Beige

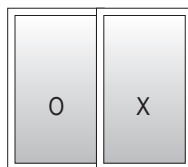

Pontiac Gold

Actual handle colors and finishes may vary from printed brochure.
