

An Ingersoll Rand Business

SAFE, EFFICIENT & COMPLIANT

Biopharmaceutical & Pharmaceutical Chemical Solutions

High-quality, cGMP-compliant solutions to support the most critical processes in biopharmaceutical and pharmaceutical production.

WFI Quality Water

- USP WFI water testing available in **standard and custom packaging up to 1000 L**, ensuring consistent, high-purity water for critical applications.
- Ideal for use in **biopharmaceutical and pharmaceutical processes**, including formulation, cleaning, and manufacturing. Not intended for direct clinical applications, direct diagnostic procedures, or direct injection/ingestion in humans or animals.

Custom Formulation & Filling

- cGMP-compliant manufacturing using **your proprietary IP**, providing reliable, scalable production with quality assurance.
- **Blind/white labeling services** for seamless product integration, supporting your brand presence without additional infrastructure.
