NASH ZWEIGNIEDERLASSUNG DER
GARDNER DENVER DEUTSCHLAND GMBH
ATTN: MR. O. ALBERT
KATZWANGER STRASSE 150
90461 NURNBERG
GERMANY

The Hague, April 13, 2021
AOC Ref: AA/IL 107000190029

SUBJECT: PLANT EVALUATION

Vendor ID: 10028374 - Plant ID: 30006138

Dear Mr. Albert,

As a result of periodical assessment desk review conducted on December 15th and 16th, 2020, we are pleased to inform you that your company is **Approved with limitations** to supply the 9COM material(s) listed in the attachment.

This approval is granted for your manufacturing plant **NASH ZWEIGNIEDERLASSUNG DER GARDNER DENVER DEUTSCHLAND GMBH** in **NURNBERG, GERMANY**.

The approval is limited to the above manufacturing plant address. Materials manufactured at any non-approved plant will be irrevocably rejected. The outsourcing of assembly and final test activities is not permitted. The Saudi Aramco (SAO) standards, specifications and procedures relative to your materials stipulate any additional restrictions in the outsourcing of manufacturing and testing activities.

This approval should not be regarded as a commitment from Aramco Overseas Company (AOC) to purchase materials from you. However, your company will be invited, along with other approved suppliers, to respond to requests for quotation in accordance with AOC's established purchasing policies and procedures.

It is the responsibility of the manufacturer to notify AOC in a timely manner of any change of company name and/or address, change of manufacturing location (sub sourcing fabrication of major components) and/or discontinuance of production of approved material(s). The notification should be presented on your company letterhead paper, signed by Senior Management and addressed to the AOC Supervisor Sourcing & Supplier Relationship Management (SRM) Unit at SRM@aramcooverseas.com.

Important note: In case of change of the manufacturing location or 9COM(s) relocation, the approval of the new manufacturing plant is at the discretion of Saudi Aramco and may be rejected. Consideration for approval of your new plant depends, amongst others, on the criticality of the material, and the present number of Saudi Aramco approved manufacturing plants worldwide.

Please quote the above referenced Vendor ID and Plant ID in all future correspondence.

We would like to take this opportunity to thank you for your interest in doing business with AOC and SAO.

For any questions regarding this notification, please use the aforementioned email address.

Yours faithfully,

DocuSigned by:

Lenka Bidder Antolova
