BGE Safety Message

A reminder about gas emergencies... If you smell natural gas, leave the premises immediately and call BGE from a safe location. Your call for emergency gas service will be answered 24 hours a day, seven days a week. A service person will come to your home or business free of charge to check for an emergency. Remember, if you smell gas, leave the area first, THEN call **877.778.7798 OR 800.685.0123**.

Fallen Wires: During storms, wind and trees can damage utility equipment. If you see downed electrical wires, stay away and warn others. Immediately call BGE, and we'll send a crew to fix the problem. If a wire falls across your car while you are in it, do not get out of the car until emergency help arrives and it is safe to exit.

Overhead Lines: When working outside, stay at least 10-feet away from overhead power lines. If you need to work within the 10-foot safety zone, call BGE first and we will work with you to make the area safe. Also, use a professional to trim trees near overhead power lines.

Energy Choice

Energy Choice allows you to make smart energy choices and decide which energy supplier best fits your needs. You can choose to purchase your gas and/or electricity from any energy supplier that is licensed by the Maryland PSC and registered with BGE.

Be sure to research and compare suppliers. Look carefully at the details of each supplier's offers and contract terms. Does the supplier offer flat rate, charge a variable market rate, or guarantee a discount compared to BGE's price? Also consider the length of the contract term and ask if the supplier charges an early termination fee.

- 1 For electricity supply, use the BGE Electric Supply Comparison Information, which appears in the "Important Information About Your Bill" section on your BGE bill, to compare BGE to other suppliers' offers. You can also find BGE's historic gas prices and BGE's electric supply price information at **bge.com/energychoice**.
- 2 Before signing a contract with a new supplier, be sure the company is licensed by the Maryland PSC and registered by BGE. For a list of suppliers and contact information, visit **bge.com/energychoice** or visit **mdenergychoice.com**.
- 3 Once you have selected a supplier, contact them directly. Suppliers will request your Choice ID number when you sign up for or change your electric or gas plan. Refer to the Electric and Gas Choice ID numbers on the 1st page of your BGE bill. Your Electric Choice ID number appears to the right of the "electric circle chart" and the Gas Choice ID number appears to the right of the "gas circle chart." **Choice ID numbers are not the same as your BGE account number.**
- 4 After you authorize a supplier to enroll you, they will contact BGE.

Even when you choose other energy suppliers, BGE will deliver your gas and electricity, maintain pipes and wires, restore power after an outage and provide emergency service.

If Bills are Getting the Best of You...

If you are having difficulty paying your gas and electric bills, please call one of the telephone numbers below to reach a BGE office. We may be able to work out payment arrangements.

BGE Special Programs

Budget Billing

Budget Billing smoothes your utility payments by spreading them evenly throughout the year, so you will know what to expect each month. Despite unpredictable swings in the weather, your energy bills are still predictable.

Under this payment plan, BGE calculates your budget billing amount by averaging your 12 most recent gas and electric bills plus any accumulated imbalance amount. BGE will still continue to read your meter each month and your bill will always show details of the actual charges and consumption for the billing period, as well as your account balance.

To prevent any large deficits or overpayments, BGE will review your account throughout the year. If your budget billing amount needs to be adjusted higher or lower than current monthly payments to reflect your actual usage, BGE will notify you one month prior to the change with your new budget billing payment amount. Interest at the rate of 0.5% percent per month is applied to any credit balance in your Budget Billing account. Interest will be credited annually to all customers in the month of June.

If you have selected an alternate gas or electric supplier, BGE will still deliver your energy. However, your budget billing amount will only include your gas and/or electric delivery service charges from BGE. The charges from your supplier will be listed as a separate item on your bill. Most residential and small commercial customers are eligible for Budget Billing and you can join or withdraw from the program at any time. To sign up for Budget Billing, call **800.685.0123**.

Bill Extender Plan

If you receive a monthly income (such as a retirement pension, Social Security benefit and/or financial aid through government-sponsored and/or limited-income assistance programs), BGE will adjust your bill's due date. Call us for more information on our Bill Extender Plan at **800.685.0123**.

Third-Party Notification

If you are ill, away from home for a long time, or unable to handle your own affairs, you may designate a third party to receive a copy of your bill or final turn-off notice. A third party can arrange payment or investigate on your behalf without being liable for the account of the customer. Please call BGE at **800.685.0123** for more information.

Customers with Special Needs

If you or a person in your household has a serious illness or uses life support equipment, as certified by a physician, a certified nurse practitioner, or physician's assistant, you may postpone service disconnection for an initial period of 30 days. You must enter into and comply with a deferred-payment plan within 30 days of submitting the certification. For more information, please call BGE at **800.685.0123**.

Hospital Program

If you are in the hospital and worried about not paying your BGE bill on time, contact a hospital social worker. The social worker will call BGE to explain the situation and discuss the time of discharge of the patient.

Disconnection and Reconnection of Service

Disconnection of Service

Service may be disconnected for a number of reasons such as nonpayment of utility bills or security deposit, failure to allow us access to our equipment, safety issues and violation of the Code of Maryland Regulations or BGE Electric or Gas Service Tariff provisions. The amount of advance notice required also varies based on the reason for the disconnection.

Reconnection of Service

When service is disconnected for nonpayment, customers must pay the amount of the current and past-due bills in full, applicable reconnection fees, and any required deposit to have service reconnected. If a check used for payment of a turn-off notice or for service restoration is returned by the bank, the service is subject to denial without further notification.

Fuel Fund of Maryland

www.fuefundmaryland.org/apply

The Fuel Fund of Maryland aims to be a lifeline for vulnerable Maryland neighbors struggling with a home utility hardship. They assist by providing navigation through an array of financial and community resources that empower, engage, and safely connect a household in times of crisis. They are a nonprofit organization that receives NO funding from the federal, state and/or city government. Any financial assistance you may receive is provided by generous donations from individuals, foundations, businesses, churches and more. Funds are limited and on a first-come, first-serve basis. The Fuel Fund's eligibility criteria can change at any time.

What Does the Fuel Fund Pay?

Households who receive help from the Fuel Fund may be asked to pay a portion of their bill. By doing so, the Fuel Fund supplements the resources of each household. BGE also contributes 50 cents in bill credits for every dollar paid by the Fuel Fund and the customer.

Who Is Eligible?

To use all resources that are available for households, the Fuel Fund may refer applicants to the government-funded programs that operate out of Maryland's Office of Home Energy Programs (OHEP). A household may only receive bill assistance from the Fuel Fund once every 12 months. The Fuel Fund has various programs and resources to potentially help qualified households pay their utility bill in full. Each Fuel Fund program is unique, and its funding is available based on donations by the community. To learn more about eligibility requirements:
