

Follower Plate Assembly (5 Gallon Drum, Gravity Type)

**READ THIS MANUAL CAREFULLY BEFORE INSTALLING,
OPERATING OR SERVICING THIS EQUIPMENT.**

It is the responsibility of the employer to place this information in the hands of the operator. Keep for future reference.

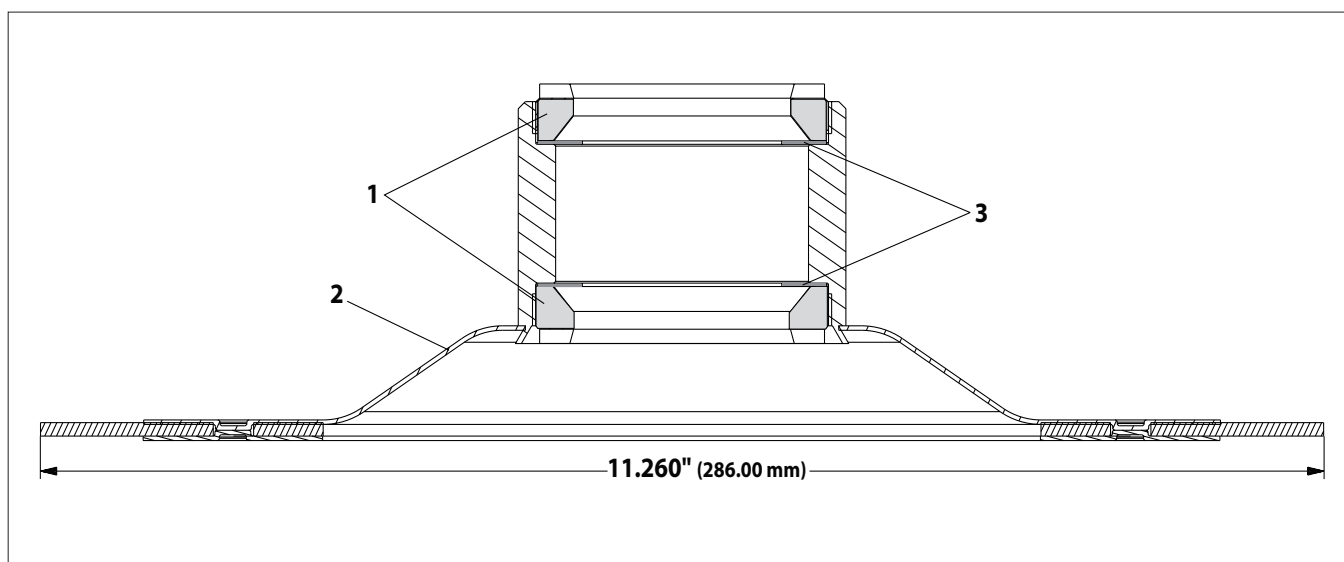

FOLLOWER PLATE INSTRUCTIONS

Check the following before installation.

1. The pump tube must be smooth.
2. The follower plate must fit the pump tube with just a slight drag.
3. Excessively large dents in the container will prevent the follower plate from settling.

Installing the follower plate.

1. Place the follower plate in the container, then press down until the material is forced through the pump tube grommet, thus eliminating air between the follower plate and the material.
2. The pump must center on the container to prevent the follower plate from binding against the material container.

651900 PARTS LIST

| Item | Description (size) | (Qty) | Part No. | Item | Description (size) | (Qty) | Part No. |
|------|---------------------------------------|-------|----------|------|--------------------|-------|----------|
