

HYDRO PROKAV RETROFIT SPARES: EXCELLENCE IN EVERY PART

PRECISION ENGINEERED FOR
UNMATCHED PERFORMANCE

**HYDRO
PROKAV**

An Ingersoll Rand Business

Hydro Prokav Pumps is one of the world's largest manufacturers of Progressive Cavity Pumps. With extensive experience in designing, manufacturing, and supplying Progressive Cavity Pumps, we are proud to offer a full range of Retrofit Spare Parts for various models. Unlike others, Hydro Prokav doesn't merely reengineer parts; we provide distinct solutions with improved engineering technology, making our spares a preferred choice for PC Pump users who value quality that surpasses the originals.

WHY CHOOSE HYDRO PROKAV RETROFIT SPARES?

Extensive Expertise

As a leading manufacturer of Progressive Cavity Pumps, Hydro Prokav brings unmatched expertise in designing and producing high-quality spares.

Advance Engineering

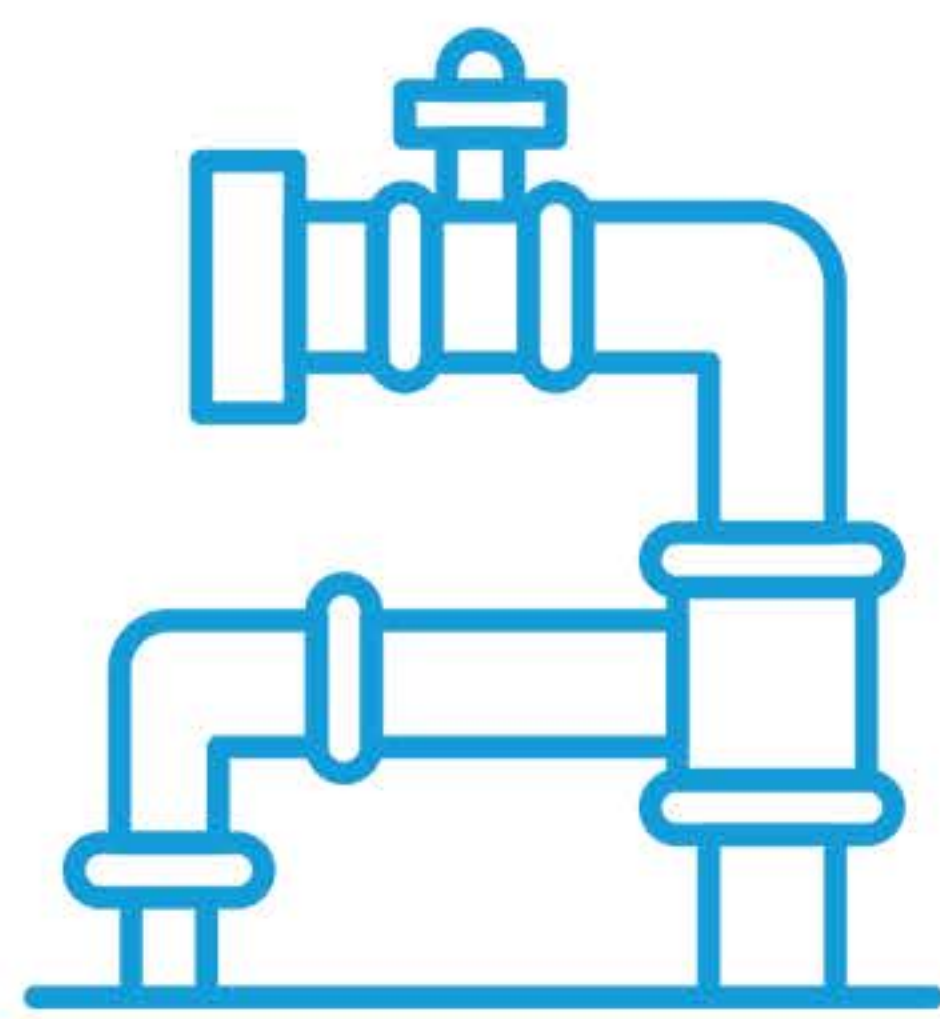

Our spares are crafted using enhanced engineering technology, ensuring superior performance and longevity.

Unmatched Quality

Hydro Prokav's retrofit spares consistently exceed customer expectations, making them the preferred choice for PC Pump users.

MATERIAL OF CONSTRUCTION

Rotor

Made from Alloy Steels, Tool Steels, Stainless Steels, and Special Alloys such as Alloy 20, Hastelloy B, and Hastelloy C.

Stator

Available in Natural Rubber and Synthetic Rubbers like Nitrile, Hinitrile, Hypalon, EPDM, Silicon, Neoprene, Viton, and Polyurethane.

Other Components

Constructed from Alloy Steels, Stainless Steels, and Super Alloys, with optional coatings like Hard Chrome or specialized coatings as per customer requirements.

UNRIVALED EXPERTISE IN STATORS

With over twenty years of expertise, Hydro Prokav stands out in its understanding of the vital parts of machinery, materials, and manufacturing processes. We produce our own compounds and manufacture moulds to accommodate varied shrinkage patterns, ensuring stators with unmatched dimensional precision.

COMPATIBILITY AND TRADEMARKS

Hydro Prokav spares are designed to be compatible with pumps from other leading manufacturers like Netzsch®, PCM®, Seepex®, Alweiler®, Roto®, and CSF Inox S.p.A. However, Hydro Prokav is not an authorized distributor for these brands, and our products are not associated with, endorsed by, or sponsored by them.

STATE-OF-THE-ART TECHNOLOGY

Hydro Prokav's state-of-the-art manufacturing infrastructure and proven technology guarantee that all components are made from high-quality materials and undergo meticulous surface treatment processes.

Experience the Hydro Prokav difference today with our superior range of retrofit spares.

UNRIVALED EXPERTISE IN STATORS

At Hydro Prokav, quality is paramount. Our manufacturing units conform to ISO9001-2015 Quality Surveillance Systems. We continuously enhance our measuring instruments, testing facilities, and controlled process environments to ensure we deliver only the highest standard, state-of-the-art interchangeable parts.

COMPREHENSIVE CUSTOMER SUPPORT

With a global network of offices and distributors, Hydro Prokav offers planned inventories and trained professionals ready to provide quick support with excellent lead time, pump rebuilds, and specialized pumping solutions.

About Ingersoll Rand Inc.

Ingersoll Rand Inc. (NYSE:IR), driven by an entrepreneurial spirit and ownership mindset, is dedicated to helping make life better for our employees, customers and communities. Customers lean on us for our technology-driven excellence in mission-critical flow creation and industrial solutions across 40 respected brands where our products and services excel in the most complex and harsh conditions. Our employees develop customers for life through their daily commitment to expertise, productivity and efficiency.
