

STG2-40 TO STG2-300 (40-300 HP)
ROTARY SCREW COMPRESSORS

Electra Saver® II G2

Slow Speed Success

A Serious Legend

The engineering ingenuity of Gardner Denver began in 1859. For over 150 years, our compressed air products have been a dependable resource for meeting the world's most demanding and ever-changing industrial needs. A legend in its own right, the Electra Saver II has been carrying that legacy for over 30 years. The legend continues with the Electra Saver II G2.

Founded on slow-speed, 1800 rpm design principles and the best engineers in the world, the Electra Saver II G2 builds on the thousands of hours of reliability that were established by its predecessor.

Featuring super-sized bearings and up to **40% larger airends** than the competition, the Electra Saver II G2 is not only bigger, it's better.

Decades of Dependability

There are more Electra Saver and Electra Saver II compressors in operation in North America than any other rotary screw compressor.

Electra Saver II

RUNNING STRONG
for **36** years

Larger airends, running at slower speeds, maximize efficiency and increase reliability.

Competition, 127 mm

Gardner Denver, 176 mm

Best of the Best

The Compressor to Exceed Your Demands

Whether it's the NEMA 4 control enclosure, load/no load and inlet modulation control operations, or quiet enclosure, the Electra Saver II G2 is packed with high value standard and optional features that exceed your demands.

Serviceability Redefined

The Electra Saver II G2 redefines serviceability. Available in a standard unenclosed configuration, all service items are easily accessible. Couple that with the spin-on/off oil filter, tip-out air/oil cooler and the Governor's maintenance dashboard and you have a compressor that can be serviced in minutes.

Unsurpassed Quality Components

Featuring a high performance airend, leak-free Viton Victaulic couplings, 1800 rpm high efficiency motor and stainless steel control lines, Gardner Denver thought of everything with the design of the Electra Saver II G2.

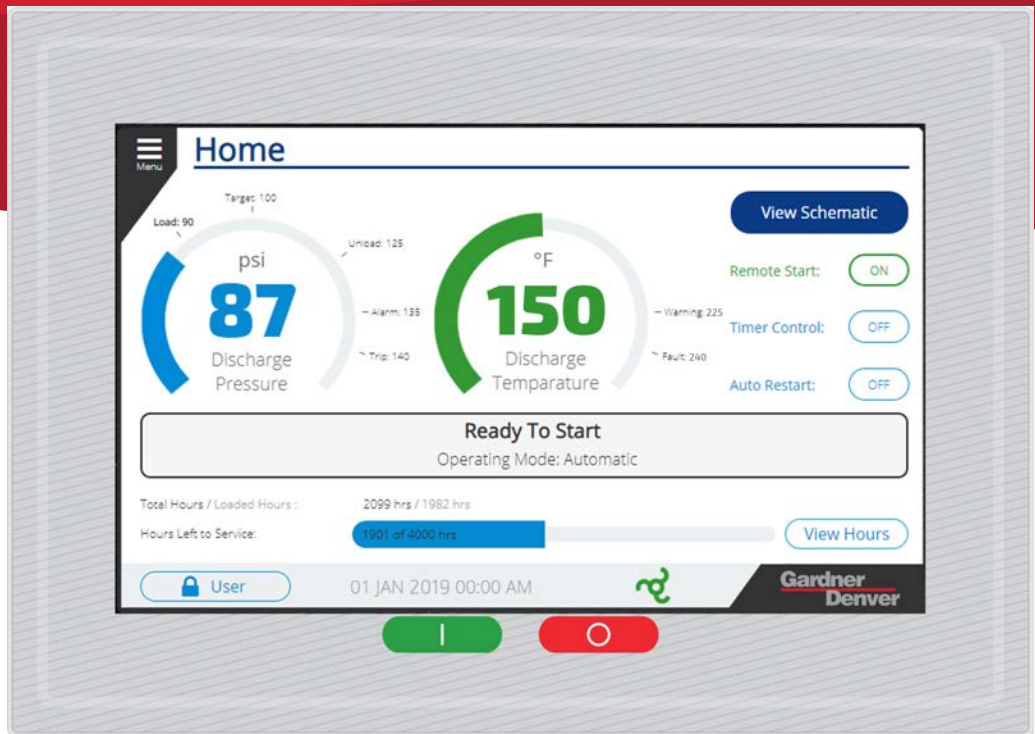

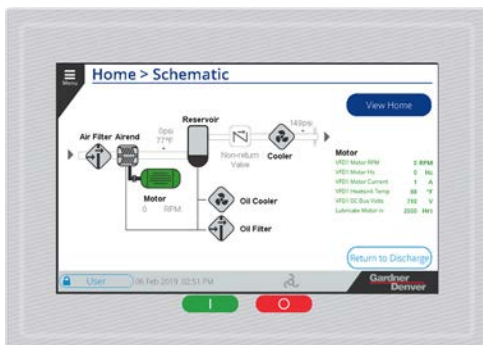

Information at Your Fingertips

The Governor™ from Gardner Denver is more than just a controller—it's the lifeline to understanding your system's operation. This state-of-the-art touchscreen controller features cutting edge graphics and advanced machine diagnostics, providing necessary compressor data and full color schematics in seconds. The revolutionary Governor™ controller is now available on all Electra Saver II G2 compressor models.

Governor™ Controller

A New Generation of Control

- Available on ST40G2-ST300G2 compressor models
- User-friendly navigation with state-of-the-art graphics and designs
- Machine status available on a 7-inch, full color touchscreen display
- Detailed schematics at your fingertips
- Advanced machine diagnostics
- Data logging and iConn connection
- Web server to allow access to the Governor™ from your desktop

Keeping the System Healthy

Ensure your
compressed air
system remains a
total package

Total System Protection

Since 1859, Gardner Denver has been supporting the compressed air industry with high quality, long-lasting compressor and air treatment solutions. Carrying on that legacy, our robust line of parts, lubricant and downstream accessories ensure your system stays healthy.

Gardner Denver's focus on total system protection not only includes OEM parts and fluid solutions, but a commitment to the longevity of your equipment through our industry leading warranty programs.

Protect your investment.

Protect Your Equipment for Longer Life

At Gardner Denver, our engineering philosophy is centered on creating equipment that is high quality and reliable, giving you confidence in your investment. Our Platinum Series service offerings are tailored to provide the best possible support to your compressed air systems, allowing you to focus on your operations.

PLATINUM
Guard

Platinum Guard is a preventative maintenance agreement serviced by Gardner Denver Authorized Distributors using genuine OEM parts and lubricants. **Guard your investment** with a service plan that keeps your compressor (and operations) running with few interruptions.

PLATINUM
Trust

The multi-year Platinum Trust service agreement offers peace of mind with extended coverage beyond the major components—the entire compressor package is included. Protect your equipment against unforeseen events with this service offering and guarantee consistent, reliable coverage from **partners you trust.**

Sales & Service Distributors Across America

Always Within Reach

Our extensive network of factory-trained, authorized distributors ensures your sales, service, and technical support needs are addressed without delay.
