

CARE Services Program

Proactive Maintenance and Support

**Prepare and Prevent.
Not Repair and Repeat.**

Compressed air is critical to your operation. To avoid unplanned, unbudgeted downtime and production interruptions, while reducing operating costs, having the proper maintenance strategy established is essential.

By partnering with Ingersoll Rand, and investing in one of our CARE Services Programs, you will receive proactive maintenance and support that is tailored to the needs of your business, ensuring that your operation runs smoothly at every turn, no matter what the age of your equipment.

CARE
SERVICES PROGRAM

Choose a Plan That's Right for Your Operation

Our industry-leading service solutions allow you to choose the program that best matches your business needs. Every plan leverages Ingersoll Rand's experienced network of qualified service representatives and over 100 years of compressed air expertise.

	Preferred OEM Parts Pricing	Equipment Inspection & Diagnostics	Scheduled Maintenance Service	Operational Risk Transfer
<p> Package CARE™</p> <p>A fixed cost, no surprises service agreement designed to eliminate the inconvenience associated with maintaining and servicing your compressed air system.</p>				
<p> Planned CARE™</p> <p>A cost-effective plan for scheduling and executing all required compressed air equipment services over the course of a year.</p>				
<p> Parts CARE™</p> <p>A service program that includes automated shipments of, or reminders to, deliver OEM parts at an agreed upon price, to keep the compressor operating as efficiently as possible.</p>				

High-quality compressed air requires an investment, but it does not cost nearly as much as poorly maintained equipment, downtime or a tarnished reputation with a customer.
