Attention Property Managers: In addition to the first and signature page of the management agreement, the above information is required in order to process a turn-on request.

Deposit Information:

- SRP requires a business to be in existence for at least two years in order to be eligible for a credit review. We will then determine if the deposit can be waived. If a deposit is required, it is due with the first bill.
- The security deposit may be satisfied by a surety bond (attached), an irrevocable letter of credit (ILOC) obtained from a financial institution satisfactory to SRP or cash.
- **If a credit review is necessary, this turn-on request will not be processed unless the customer contact information is provided.**
