

SRP STANDARD BUSINESS SOLUTIONS

Effective FY27 (May 1, 2026–April 30, 2027)

IMPROVE OPERATIONS AND GET REBATES FOR INSTALLING ENERGY EFFICIENCY MEASURES

Energy efficiency is a must in today's business climate. Prudent power management gives you a competitive edge while reducing operating costs for your business or organization.

When you choose one or more of our Standard Business Solutions options, you can:

- Receive rebates for industry-proven high-efficiency equipment
- Enjoy lower energy costs
- Experience increased comfort and safety
- Have less downtime and fewer repairs
- Benefit from a cleaner, healthier indoor and outdoor environment

ELIGIBILITY

Any current SRP business or industrial retail electric customer who installs qualifying measures in a facility served by an SRP commercial price plan is eligible.

WHAT QUALIFIES?

SRP offers rebates for the purchase and installation of qualifying high-efficiency equipment in new or existing facilities.

There are qualifying measures in these categories:

- **Interior and exterior lighting:** LED fixtures and lamps, qualified lighting controls, and LED exit signs. Retrofits require ENERGY STAR® or DesignLights™ Consortium-approved LED fixtures and lamps
- **HVAC:** Advanced rooftop controls, smart thermostats, unitary heat pumps, unitary air conditioners, variable-frequency drives (VFDs) on fans and pumps, outside-air economizers, carbon dioxide sensors, electronically commutated motors and permanent magnet synchronous motors, evaporative cooling, energy management systems, multi-split VRF systems, packaged terminal units, VTACs/VTHPs, hotel room occupancy controls, carbon monoxide sensors and chillers

- **Compressed air equipment:** Low-pressure drop filters, additional receiver capacity, refrigerated cycling dryers, VFD compressors, zero-loss condensate drains and desiccant dryers
- **Refrigeration equipment and controls:** Door gaskets, strip curtains, electronically commutated motors (ECMs) and permanent magnet synchronous motors, anti-sweat heater controls, auto door closers, suction pipe insulation, discus or disc valve compressors, high-efficiency compressors, condenser and evaporative fan variable-frequency drives, evaporative condensers, door retrofit kits for open display cases, floating-head pressure controls, dock door seals, fast-acting cooler doors, fast-acting freezer doors, high-efficiency open display case, high-efficiency ultra-low-temperature freezers, high-efficiency low-/no-heat freezer doors, reach-in cooler controls, refrigerated beverage vending machines, beverage machine controls, and snack machine controls
- **IT & data center equipment:** Networked PC power management software, server virtualization and replacement, computer room air conditioners (CRACs) and ECMs for CRACs and computer room air handlers (CRAHs)
- **Kitchen equipment:** Griddles, electric steam cookers, dishwashers, hot food holding cabinets and cabinet door gaskets, ice makers, electric convection ovens, electric vat fryers, electric combination ovens, high-efficiency prerinse spray valves and VFDs on kitchen exhaust hoods
- **Other:** VFDs for domestic hot-water pumps and pool pumps, VFDs for heat pump water heaters, window film, shade screens, ultraviolet in-duct air disinfection, roof/ceiling insulation and cool roof coating

REBATES

Rebates are based on verifiable energy savings, equipment sizing and efficiency levels. Visit savewithsrpbiz.com for a comprehensive listing of rebates.

- **Lighting:** \$0.25–\$0.35 per watt (W) reduced for interior and \$0.15 per watt (W) reduced for exterior LED lighting
- **Interior lighting controls:** \$0.15–\$0.40 per watt controlled depending on control type, see lighting catalog in the lighting application for details
- **Advanced rooftop controls:** \$250 per ton
- **Unitary heat pumps:** \$110–\$135 per ton
- **Energy management systems (EMS) for unitary DX systems:** \$0.20 per square foot of conditioned space. Additional rebate available for participation in business demand response \$0.10–\$0.15 per square foot of controlled space.
- **Energy management systems (EMS) for chilled water systems:** \$0.20–\$0.30 per square foot of conditioned space. Additional rebate available for participation in business demand response \$0.10–\$0.15 per square foot of controlled space.
- **Window coverings:** \$0.75 to \$0.80 per square foot
- **Cool roof coating:** \$0.05–\$0.20 per square foot
- **Roof/ceiling insulation:** \$0.05–\$0.20 per square foot
- **Compressed air, refrigeration and kitchen equipment:** varies, see equipment catalog for details
- **Data center equipment:** varies, see equipment catalog for details

Customers are subject to a maximum rebate of \$450,000 from May 1 through April 30 for all SRP programs, with separate program area caps of \$300,000 for Energy Efficiency programs, \$300,000 for Business EV programs, and \$50,000 for Electric Technology programs. Program or technology-based limits may also be applicable, based on program terms and conditions. SRP reserves the right to determine at their sole discretion the program year to which a rebate is attributed.

HOW TO PARTICIPATE

Follow these simple steps to apply for a rebate. All applicable forms are available at savewithsrpbiz.com.

Lighting Retrofits and Energy Management Systems

1. Complete and submit the lighting application to obtain preapproval from SRP.
2. Purchase and install the eligible measure(s) after approval has been received by SRP.
3. Resubmit the lighting application with installed retrofit measures and dated invoices for final approval.

Lighting new construction and mech & more measures

1. Complete and submit a rebate reservation request (optional).
2. Purchase and install the qualifying equipment.
3. Complete and submit a rebate application and dated invoices for approval.

Rebate funds are limited and available on a first-come, first-served basis. Check the availability of program funds on the website or contact the program administrator at **(602) 236-3054**.

SRP BUSINESS SOLUTIONS

SRP is committed to helping you save energy and money. We offer a rebate or incentive program for every size and type of business.

- **Standard Business**
- **Custom Business**
- **Small Business**
- **New Construction**
- **Retrocommissioning**
- **Electrification**
- **Business EV**
- **Multifamily**
- **Demand Response**
